SUMMARY

Web developer with 2 years of dedicated experience and an additional 6+ years of diverse professional background both in India and abroad. Passionate about continuous learning and personal development, I am eager to contribute to the success of growth-driven companies by leveraging my skills and enthusiasm for innovation.

PROFESSIONAL EXPERIENCE

Company : Jaya Info-soft Pvt Ltd, Chennai

Designation : Frontend Developer

Duration : Apr 2023 - Present

Roles and Responsibilities

- ❖ Developed **responsive** and user-friendly interfaces that work on all devices, ensuring **reusable** code for future projects.
- ❖ Collaborated with **designers** and **backend developers** to integrate APIs and ensure smooth data flow, validating user input before backend submission.
- ❖ Regularly updated websites by adding new features, **improving performance**, and **fixing bugs**.
- ❖ Implemented **RESTful APIs** for seamless data communication and real-time updates using **Axios** to handle HTTP requests and responses.
- ❖ Optimized front-end code, **improving application speed** and **reducing loading time**.
- ❖ Used Chrome DevTools for debugging, reducing issue resolution time from 4 to 2 hours.
- ❖ Ensured 100% mobile optimization by implementing adaptive designs for all device views.
- ❖ Contributed to feature **implementation** and **performance** optimization with the team.
- ❖ Utilized Git for version control and collaborated with other team members on code reviews and troubleshooting.

TECHNICAL SKILLS

- | | |
|------------------------------|--|
| ❖ Front-End | : JavaScript, React.js, Bootstrap, Tailwind |
| ❖ Back-End | : Node.js, Java, Express.js, Spring Boot, RESTful APIs |
| ❖ Authentication | : JWT, Passport.js, OAuth |
| ❖ Databases | : MySQL, MongoDB, PostgreSQL |
| ❖ Version Control | : Git, GitHub |
| ❖ IDEs | : Visual studio code, Notepad++, Spring tool suite |
| ❖ Database Management | : MySQL Workbench, MongoDB Compass |
| ❖ API Testing | : Postman |
| ❖ Others | : Web 3.0 Basics, Ms. Office |

CERTIFICATIONS

- ❖ Web development Bootcamp - Udemy
- ❖ Full Stack Development - Kgisl Micro-College, Coimbatore

PROJECTS

- ❖ Developed **end-to-end web applications**, integrating both front-end and back-end technologies (React, Node.js, Express, MongoDB).
- ❖ Created **responsive and dynamic user interfaces** using HTML, CSS, and JavaScript, while ensuring cross-platform compatibility.
- ❖ Implemented user authentication and **CRUD** operations with data persistence using MongoDB.
- ❖ Implemented **RESTful APIs** for seamless data communication and real-time updates.
- ❖ Integrated **authentication mechanisms** (OAuth, JWT) for secure user login and registration.
- ❖ Implement responsive design techniques using frameworks like **Bootstrap** and **Tailwind CSS**.
- ❖ Created a responsive user interface using **Material-UI** for a consistent and modern look.
- ❖ Utilized **TanStack** for efficient state management and improved application performance
- ❖ Implemented the **Context API** for efficient state management and optimized performance.
- ❖ Utilized **WebSocket (Socket.io)** for real-time messaging
- ❖ Integrated **Axios** or **Fetch API** to handle API calls and manage asynchronous data flow.
